

# Lament

a biblical approach for coping in challenging times

28th July

Dr Cathy Ross

Church Mission Society  
Head of Pioneer Mission Leadership, Oxford UK

**Online (Zoom) UTC 8-9:30am**

## Theme

With the challenges of the COVID pandemic, the situation of so many people that we interact with, as well as our own ministries, have been significantly impacted. Dr Cathy Ross will help us to see how the biblical theme of Lament gives us a practical and theological means of reflecting on and responding to these challenges.

## Speaker

[Dr Cathy Ross](#) comes from Aotearoa/NZ and has worked in East Africa as a mission partner with New Zealand Church Mission Society. For the last 15 years she has lived in Oxford and teaches at the Church Mission Society. Lament has been a theme she has reflected on since her time as a mission partner in DR Congo and more recently during the global COVID pandemic where we have experienced loss, grief and suffering.

## Method

There will be resources to read and watch prior to the conference, discussion groups during the conference and ongoing discussion groups after the conference. The conference will occur on Zoom. Discussion before and after will occur in private groups on Facebook and in Signal.

This conference is organised by the [Angelina Noble Centre](#).

If you would like to join the [ANC Facebook group](#) or ANC Signal group either request to join the ANC Facebook group or write to Evelyn ([evelyn.hibbert@gmail.com](mailto:evelyn.hibbert@gmail.com)).
